

M F A Minnesota Film Arts

PRESENTS

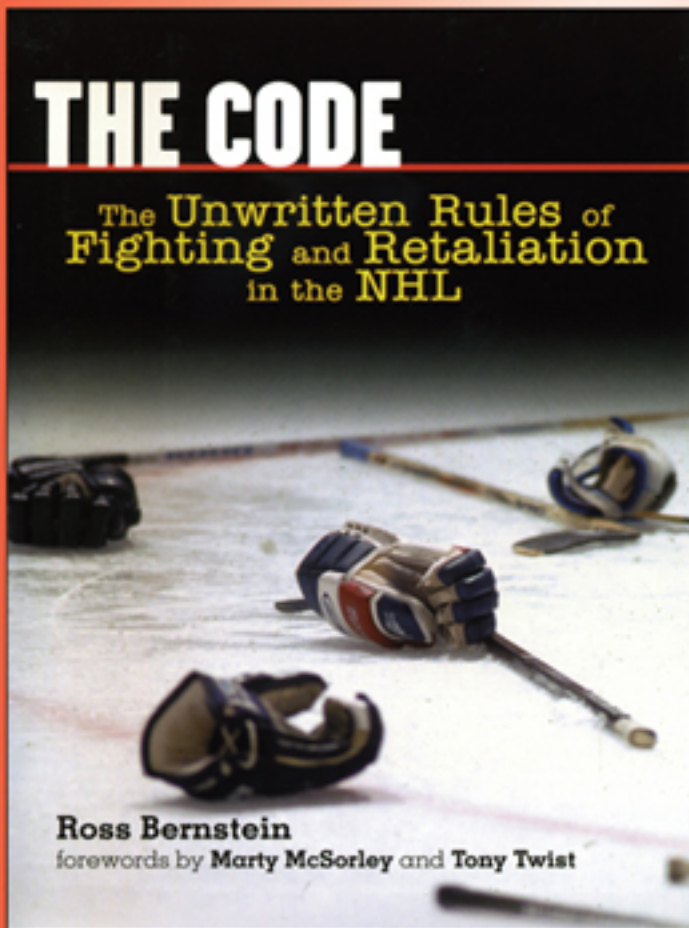

UNSPOKEN RULES

AN INFINITY FILMS PRODUCTION

Produced by Anthony Epp

Inspired by Ross Bernstein's Best-Selling Book "The Code"

Minnesota Film Arts, as part of the "Documenting America" series, which brings works of documentary cinema to the Twin Cities that illuminate and chronicle distinctly American perspectives and experiences in fresh and engaging ways, proudly presents "Unspoken Rules." Featuring numerous Minnesota hockey legends, the film explores the question of why fighting exists in the game of hockey and whether or not there is a place for it in the future. A Q&A will follow in which the audience will take part in a first-of-its-kind interactive discussion about the state of the state of youth hockey in Minnesota, and about how injuries and physical play has affected the game.
